Following Department Commerce Transportation Orders regulate U.S. vessels carrying strategic commodities to Sino-Soviet bloc:

T-1 prohibits ships or aircraft of U.S. registry from transporting or discharging strategic and critical commodities regardless of origin which are destined for countries in the Sino-Soviet bloc, Hong Kong, and Macao, unless such shipments or discharges are specifically licensed by BFC or the Department of State or unless they are authorized by the Under Secretary of Commerce for Transportation. This order applies to commodities on the Positive List, Munitions List, and Atomic Energy List.

T-2 prohibits ships and aircraft of U.S. registry from calling at any Chinese Communist port, North Korea, Communist Controlled area of Viet Nam, or any place under the control of Chinese Communists and prohibits them from transporting goods destined directly or indirectly for such areas.
